"The Queen City, Six Miles at Sea"
300 Engleside Avenue
Beach Haven, NJ 08008

March 30, 2020

Dear Beach Haven Resident,

The Governors of New Jersey and New York have both recommended that you stay in your primary home during this pandemic, however we realize that many for you have chosen to quarantine in your second home here in Beach Haven. We understand that being in Beach Haven provides you with more space, an increase sense of security and enhanced mental health. You are valued members of our community, and we are committed to your safety as well as that of our full-time residents.

However, due to the fact that New York City and its surrounding suburbs are the epicenter of the COVID-19 infection in the United States, it is vitally important that all residents who have relocated from off Long Beach Island, and those sharing a house with them self-quarantine for a period of fourteen (14) days. This requirement is in place to protect you and your fellow residents; including our senior citizens who health and safety are most at risk.

Many of our local restaurants are providing take-out and delivered meals. Our local markets are asking you to only purchase two of an item so there will always be enough for everyone.

As Governor Murphy and other local officials have pointed out, we need to act decisively now so that we do not overtax our doctors, nurses and local medical facilities.

Keep safe, keep your distance and continue with the constant hand washing. Soap and warm/hot water are best.

We are all in this together and Jersey Strong.

Very truly yours,

Nancy T. Davis
Mayor
